

MBM (Model, Build and Manage) by using BIM (Building Information Modeling)

About The Speaker

Mr Elvis Li
CEO,
isBIM Limited

Mr. Li is the CEO and Director of isBIM Limited, the leading building information modeling consultant in Hong Kong and China. With his 15 years experience in property development, planning and implementing BIM and BLM project, he has successfully created a series of value added services for building industry from feasibility study to facility maintenance phase for over 60 BIM projects in Hong Kong, Shanghai, Beijing, Tokyo and Mumbai. He is the member of BIM Expert Committee of China Commercial Real Estate Association and founding member of Hong Kong Institute of Building Information Modeling.

Abstract

BIM is becoming a hot topic among all parties in the building and construction industry. BIM helps all disciplines to communicate better and save cost when integrated with different technology like Virtual Reality (VR), RFID and web. In the FM area, some large retails and public infrastructure have already benefited from using BIM and VR to eliminate management problems and improve productivity. This talk will show with real case examples how to use BIM & VR technology to model the processes before building, and improve communications and enhance efficiency in facility management.

Participants who have attended the CPD talk will receive a "Participation Certificate" issued by the HKIFM and they are entitled to have 2 CPD hours for the talk.

Please note that the Education and Membership Committee is currently reviewing the APC mechanism. The proposal for minimum hours of CPD attendance as one of the prerequisite requirements in applying for APC 2010 is being considered.

Please also note that the HKIFM has not arranged any insurance coverage for any participants on any personal accident or virus infection arising out of this event. Participants should make their own insurance arrangements at their own expenses and expressly waive their claims against the HKIFM whatsoever howsoever.
