

FACILITIES MANAGEMENT EXECUTIVE TRAINEE PROGRAM AT HONG KONG SCIENCE PARK (INTAKE FOR 2012)

ISS Group is one of the world's largest facility service groups with more than 16,000 staff in Hong Kong. We are now inviting applications for Facilities Management Executive Trainees to be deployed at the Hong Kong Science Park.

The Hong Kong Science Park is built along the Shatin waterfront; this 22 hectare science park provides 20 state-of-the-art laboratory-fitted buildings housing more than 300 technology companies ranging from start-up, SME to multi-national conglomerate both from local and overseas.

Do you think you have what it takes to join our award winning facilities management team at Hong Kong Science Park?

The facilities management team has won numerous accolades such as the "Excellence in Facilities Management Award" 2010 and the "Quality Property and Facilities Management Award" 2010.

We are looking for freshly graduated young talents in the academic year 2011-12 with their degree in Building Surveying, Property and Facility Management, Quantity Surveying, Building Services Engineering, Mechanical Engineering, Accounting or others disciplines relevant to Facilities Management.

Have you a passion to become a facilities management professional?
Do you have what it takes to join our cutting edge team of professionals?
Do you have the leadership attributes and the ability to work closely as a team?

Requirements

- Bachelor's degree in a related field;
- Degrees in Building Surveying, Property and Facility Management, Quantity Surveying, Building Services Engineering, Mechanical Engineering, Accounting or others relevant to Facilities Management.
- Fresh University graduates, previous work experience is not required;
- Leadership and involvement in extra curricular activities and on-campus organizations must be shown;
- References from two previous employers / lecturers (on character references);
- Details of previous internships and internship references are preferred;
- Continuous authorization to work in Hong Kong with salary starting from HK\$ 16,500.00 to be reviewed on 12 month basis.

Various Destinations, One Great Future

This is Hong Kong's 1st Facilities Management Executive Trainee program and we are recruiting for the third year. This is intensive and focused to develop only the top notch future facilities management leaders. The program will be a fixed term of 30 months intensively engaged in various facilities management activities at the Facilities Management Office at the Hong Kong Science Park. Graduates of the program will initially be deployed at officer or above grades depending on individual's performance.

The training program will include a rotational schedule through all the divisions (cross disciplines) of the Facilities Management Office in addition to the concentration spent directly in the chosen area. Trainees will also be assigned a Special Project at the end of the program to be completed.

Information provided by applicants will only be used for recruitment related purposes and will be handled confidentially by authorized personnel. All personal data of unsuccessful candidates will be destroyed after three months from the date of applications.

General Programme Overview:

- 30 Months;
- Cross-disciplines, manifold professional training,
- Ample guidance and support from experienced and seasoned mentors and seniors;
- Promising career path and professional development;
- In house training and development programs;
- Participation in special projects;
- To be part of a winning team;
