- Member of HKIS & Supporting Organisations: HK\$1,800
- Non-member: HK\$2,100
- Full-time Student: HK\$250 Full Day (Lunch is not provided)

At this moment the surveying profession finds itself at a crossroads, as a raft of innovative new technologies are being introduced which will shatter existing working models and redefine how the built environment industries operate.

By adopting smart technologies across the construction life cycle processes can be streamlined, costs can be minimised and safety standards can be maximised. Amid these changes, the role of the surveyor is inevitably changing, too. In order to make the most of these vital new opportunities, practitioners need to be properly prepared and informed.

The HKIS Annual Conference will examine and encourage the early introduction of smart technologies, framing the current landscape, projecting future trends and spelling out the challenges and opportunities ahead.
